

TSCM KIT

Unleash the Power of
NextGen Countermeasures:
Your Ultimate Defense
Against Espionage

CAPABILITY

Frequency Analysis:
Hunt for digital RF signals, including:
WiFi, Bluetooth (BLE), Cellular, Digital
Radio with powerful detection tools
and Direction Finding.

Heat Signature Analysis:
Identify potential hidden threats using
heat signature analysis.

Passive Component Detection:
Locate active and passive electronic
components used in surveillance
devices.

Hidden Camera and Lens Detection:
Discover covertly installed lenses and
cameras.

**DARK
COMPASS**

SWORD-24s®
NLJD

ACU-S1®
Thermal Camera Phone

LUMINAR
Hidden Lens Detector

CONTENTS

DARK COMPASS: Sweep in 70 MHz-6GHz spectrum, Bluetooth, Cellular, Digital Radio, Wi-Fi, Directional Finder

SWORD-24s®: 2.4GHz with 2nd and 3rd harmonic Non-linear Junction Detector

ACU-S1®: Thermal Camera Phone

LUMINAR: Hidden Camera Lens Detector

Deployment: Four advanced TSCM systems allows TSCM Operators the ability to search for covert eavesdropping devices. All systems have advanced features and offers turnkey TSCM management contained within the one Peli Protector Case.

Training Course

“ Empowering You with
the Knowledge to
Master the TSCM Kit ”

COURSE AIM

The aim of this **Level 1 Equipment Training Course** is to give the candidate an introduction to the TSCM Tactical Kit and to give clear understanding of its contents, capabilities, integration, and deployment procedures.

COURSE OBJECTIVES

To ensure the candidate can identify each technology, its system components, and its detection methods. After the course, candidates will be able to understand mission considerations, system programming, pre-deployment checks, equipment option, and equipment maintenance requirements.

COURSE KEY FACTS

4	10	5	2	2	1	1
OEM Core Technologies	Courses Modules	Training Days	Academy Instructors	Course Examinations	Certification Level	Certification Issued

COURSE ATTENDEES

 TSCM Practitioners	 Counterespionage Teams	 VIP Security Teams
 Military Personal	 Security Operatives	 Law Enforcement professionals

COURSE MODULES

- ✓ Course Introduction
- ✓ Introduction of TSCM Tactical Kit
- ✓ DARK COMPASS
- ✓ SWORD-24s
- ✓ ACU-S1®
- ✓ LUMINAR
- ✓ Acustek Ecosystem
- ✓ Practical Examination
- ✓ Practical Deployment
- ✓ Written Examination
